Dear Mr. Arandes,

On behalf of all the Members of the Council for B.C., I would like to extend our warmest appreciation for your participation in the Celebrating Women's Day that was held on Sunday, April 30, 2006.

As you are aware, this event was the first of its kind in B.C. and was most successful from all accounts. Your presence and support made a difference and definitely contributed to the overall success of the event. Nazirah, our Member for Women's Development, informs me that almost 500 women attended the event and the feedback has been extremely positive. In particular, the ladies were amazed at your multi talents, especially your ability to invoke so much laughter and simultaneously inspire them to follow their heart's desires!

Once again, thank you for your generosity and taking the time from your busy schedule and traveling to Vancouver to spend the day with members of our community.

With kind regards,

Malik Z. Talib  
President
