Dear Nick,

Thank you for your words of love and encouragement. The Myth of Risk is a wonderful exercise and story which I thoroughly enjoyed. I once heard it said that ~~when~~ **when we have difficulty making a decision, it is because we believe in scarcity... we subconsciously believe that there is such a thing as a wrong choice because there is not "enough good to go around."** I remember this whenever I have difficulty in making a decision.

I wish you continued success on your healing journey, and in your efforts to share the tools of empowerment with others. May your life be blessed and your actions of love continue to grow.

All is well,
